ATTENTION: FOR THE FINISH OF THE ABOVE-MENTIONED PRODUCTS, PLEASE REFER TO THE RELEVANT TECHNICAL DATA SHEETS!
The Vermeister Chromotherapy system is based on very high quality pigments that confer an extremely natural, UV stable shade to the wood.

NOTE: The images are given as a guideline only, the printed colours may vary slightly to the actual colours and to the final results of the work which are influenced by the type of wood and the sanding operations. We always suggest preparing a preliminary sample on the type of wood to be used.
